MODULE 2

Integration and Empowerment

What will we do in this Module?

01 Identify some of the common drivers of migration, and look at different narratives on migration and displacement

02 Review educational practices that can make a learning organization more safe, inclusive, participatory, equitable and open.

- Use safe space tools
- Work with methods and frameworks that support inclusion

03 Familiarize ourselves with key discussions on integration and empowerment and the different fields in which those terms have been developed.
